केन्द्रीय माध्यमिक शिक्षा बोर्ड, दिल्ली
सीनियर स्कूल सर्टिफिकेट परीक्षा (कक्षा नवमवी)
परीक्षार्थी प्रवेश-पत्र के अनुसार भरे

विषय Subject: Geography
विषय को Subject Code: 029
परीक्षा का दिन एवं तिथि
Day & Date of the Examination: Thursday, 7-04-16
उत्तर देने के माध्यम
Medium of answering the paper: English

प्रश्न पत्र के कोड लिख
कोड को भरिए
Write code No. as written on
the top of the question paper:
Code Number: 61/1
Sol Number: ● ② ③ ④

अतिरिक्त उत्तर-पुस्तिका (अगर) की संख्या
No. of supplementary answer-book(s) used: No

विकलांग व्यक्ति:
Person with Disabilities: हाँ / नहीं No
Yes/ No

किसी शारीरिक असमता से प्रभावित हो तो संदर्भित करें ☒ का विधान लगाएं
If physically challenged, tick the category

B D H S C A

B = ब्रह्मदर्शन, D = दूध न पानिए, H = शारीरिक रूप से विकलांग, S = साक्षिक
C = दिव्यविकलांग, A = अंगीकृत
B = Visually Impaired, D = Hearing Impaired, H = Physically Challenged
S = Spastic, C = Dyslexic, A = Asstic

क्या लेखने लिखने उपलब्ध करवाया गया: हाँ / नहीं No
Whether writer provided: Yes/ No

यदि दृष्टिहीन हैं तो उपयोग में लाएं
सॉफ्टवेयर का नाम:
If Visually challenged, name of software used: No

*एक नाम में एक अक्षर लिखें। नाम के प्रत्येक भाग में केवल एक अक्षर लिखें। यदि परीक्षार्थी का नाम 24 अक्षरों से अधिक है, तो केवल नाम के प्रथम 24 अक्षर ही लिखें।
Each letter be written in one box and one box be left blank between each part of the name. In case Candidate's Name exceeds 24 letters, write first 24 letters.

8) "The knowledge and understanding of the laws of nature are extremely valuable to humankind".

The above statement suggests that we are living in a world where nature is providing everything in our daily use. The values are important for us in the way nature is gifting without any cost and penalty. Therefore, there are the below listed importance with their values -

a) Medicinal plants and herbs -

Through, this nature is providing us

medicines for various diseases and makes us easefree in our daily life. Medicines from shrubs and leaves are ~~now~~ very useful for nowadays environment.

b) Raw Materials -

Nature is providing raw materials to humankind. These raw materials then turning to finished products and we are making use of them.

c) Streams, lakes and ponds -

This is the by far most important natural resource by which the human being is still existing. The natural water bodies provides fresh water for ~~the~~ drinking and also for cooking purposes.

d) Food and fodder -

Nature also provides food items like fruits and vegetables for human beings as well as for animals.

Conclusion - Thus above all, we can say that, nature's gift to human kind is greatly appreciating to human kinds, and is directly dependent on them.

Q.1

Two continents which have shown the highest growth rate of million cities from 1950-2000 -

- Asia
- North and central America.

Q.2

The reason for the growth of million cities could be -

- Doubling its population
- Increase in medical facilities and education.

Q.3

Million city refers to the population between one to five million (1-5 million).

10)

Hamletted rural
Settlements

Dispersed rural
Settlements

a)

Settlement where houses are a light far away from each other.

a)

Settlements where houses are very far away from each other.

b) It is because of factor of nature like terrain.

c) They have names like Nagar, palli, etc.

b) It is factor of nature like slope, ~~mountainousness~~, irregularity of land.

c) They are mostly found in mountainous region.

11) Rainwater harvesting means to conserve water for future use and to get relief from scarcity.

There are various uses of rainwater harvesting in the development of certain areas of India -

a) It is a component used by UNDP to conserve water and balance the ground water table.

b) The use of rainwater harvesting is to provide the future necessity of human world.

c) The policy of rainwater harvesting is to enable

each and every living beings by water.

Examples related to rainwater harvesting is the roof top rainwater harvesting where rainwater is collected in the roof of the building and through that one pipe is connected. The connection goes to the -

- a) Reservoirs b) tank in the ground floor
- c) Underground reservoir.

Therefore with the above method the rainwater is collected and being used for further purposes.

12.

12.1 Durgapur Iron and steel plant showing the diagram.

12.2 The mining areas ~~are~~ are the Jharia and the Raniganj from where the coal and ~~also~~ manganese to this plant.

12.3 Damodar River is the source of water supply to this plant.

13) Watershed management is an important part of UNDP. It helps to reduce scarcity.

The success of watershed management programme implemented in Jhabua district of Madhya Pradesh.

i) Reduces scarcity of water for every human kind.

ii) It is used for sustainable purposes.

iii) No need for waiting for water.

iv) Ground water is balanced.

v) Every person is getting equal water.
